Stunning Design & Unique Experience

INSPINIA is a combination of industrial standard technology, smart software, electronic engineering with precisely manufactured materials. Inspinia Touch Panels have 3 different size options as 4", 8" and 10".

INSPIRATION FOR YOUR LIVING SPACE

Ingenious Scenarios

Inspinia allows end-users to create their own scenarios according to the daily schedule without any programming skills or integrator's help. Just enter scenarios page on your touch-panel and start creating them. With scenario it's possible to define initial state of controllers, set alarm, status and create single-time or weekly schedules to run.

Mobile Control

The ,SkyThings mobile app allows users to control all functions of the INSPINIA Panel remotely by simply scanning a QR code and pairing the devices. The app provides access to essential features such as home automation, security, camera monitoring, scenarios, intercom, and all other functions available on the touch panel.

Functions & Overview

Keypad & 4" Touch Panel

- 4" IPS CTP
- 1 Digital Input
1 Digital Output
- POE
- 1x Extension
Add-On Ports

4" Retrofit Touch Panel

- 4" IPS CTP
- Humidity Sensor
- Haptic Feedback
- Temp. Sensor
- 2.4 GHz Antenna

Touch Panels 8" & 10"

- 5 Point Multi Touch
- POE Gigabit Ethernet
- 2x 2W Speakers
- Temperature Sensor
- Humidity Sensor
- Microphone
- 5x Digital Input
2x Digital Output
- 2x Extension
Add-On Ports
- 2.4 GHz Antenna

About Us

INSPINIA Technology is a leader in smart home and building automation, offering cutting-edge solutions that enhance comfort, security, and energy efficiency. We specialize in designing user-friendly products such as touch panels, gateways, servers, and add-ons for seamless integration with AC Systems and BUS protocols. Our mission is to improve everyday living and working environments by providing intuitive, reliable technology that empowers users to control and automate various functions from one central platform. Committed to innovation and customer satisfaction, INSPINIA sets the standard for excellence in smart automation worldwide.
